- **Taking a gap year before graduate or professional school and want to do something impactful that year?**
- **Interested in education reform?**

**Apply to the Match Corps at Match Charter Public School today!**

### **What is the Match Charter Public School?**

The Match Charter Public School is a nationally recognized charter school that gets exceptional results in student achievement. Many of our students come from low-income backgrounds and tend to arrive to our school several grade levels behind. We believe with great teachers and staff, quality instruction, and uncompromising expectations, these students can and will succeed. Thus, Match's mission is to prepare urban Boston students to succeed in college and beyond. This is done through a combination of innovation and emphasis on relationship building with students and their families. The school has four campuses: Match Community Day, Match Next, Match Middle School, and Match High School.

### **Match High School**

The Match High School is a college preparatory school that serves grades 9 through 12. The school's mission is to prepare students for success in college and beyond. They fulfill this mission through high-dosage tutoring, rigorous curriculum that includes ample Advanced Placement and other college level courses, extended school day, non-academic college preparatory program, and strong emphasis on relationship building with students and their families.

Match High School is on U.S. News and World Report's "Best High Schools" list! Click [here](#) to read more.

### **Match Corps Job Description:**

The Match Corps is not just for future teachers. Many of our tutors join the program because they are either taking a gap year before graduate or professional school and want to do something meaningful for a year, are interested in exploring a career in non-profits or education policy, or just simply passionate about social justice.

This program is a one-year urban education fellowship at one of Match's campuses. Match Corps members serve as full-time tutors to small groups of students in core subjects while building strong relationships with them and their parents. The Match Corps plays a vital role in our school as members provide individualized attention to students, which has proven to have tremendous impact on their

academic success. In addition to tutoring, Match Corps members also have the opportunity to work alongside school leaders, staff, and teachers as teaching assistants or administrative assistants. Corps members especially enjoy this aspect as it provides them with opportunities to learn more about urban education and explore different careers within the sector. Check out our [corps alumni page](#) to see where some of our former corps members work after their fellowship year! Corps members also have the opportunity to attend education reform panels hosted by Match throughout the school year. This is great for those who want meet and hear from key players in the education reform community.

Another aspect corps members enjoy in their service year is the sense of community at the school. Being a tutor at Match is a tough job, but a large part of what makes the experience worthwhile is being surrounded and supported by people who share the same commitment to education. Match Corps members often develop very close bonds with each other and in many cases end up leaving the program with life-long friends and professional networks.

The Match Corps currently has over 500 alumni across the nation and this past spring, celebrated its 10 year anniversary! Check out this [video](#) to see what current and former Match students had to say about the Match Corps.
